ABENCO 50

Lavička odpoledne ve stínu.

Pokud síť dovolí, alespoň 1-2 dřeviny na travnaté plochy, kde byly původně plánované.

V centrálním čtverci možno doplnit malokoruny dřevinami (našimi domácími) s vyšším vzrůstem.

A piece of red graffiti is painted on the concrete wall. It consists of several stylized, overlapping shapes and lines, possibly forming abstract letters or symbols.

A photograph of an outdoor courtyard area. In the foreground, several thick, bright red poles are planted in the ground, leaning slightly. The ground is paved with grey rectangular stones. In the background, there is a tall, grey concrete wall. To the right, a building with a dark roof and a white wall is visible. In the distance, a multi-story residential building with yellow and orange facades is seen under a cloudy sky. The text "Plocha vhodná pro popínavky" is overlaid on the left side of the image.
